

# Register READY

## *Do You Require Special Help During an Emergency?*

In a wide-scale emergency such as a flood or a major public health threat, would you require specific help because of special needs? Or do you know someone who might? If so, you and any of your neighbors with special needs should know about a new registry being built right here in Hunterdon County.

## Plan Ahead

- ◆ Assemble an emergency kit
  - ◆ Develop a contact list and inform others of your plan
  - ◆ Have arrangements with family, friends, neighbors or facilities to aid and accommodate you
- ◆ Gather important documents, ID's, prescriptions and instructions, doctors names and numbers.
  - ◆ Take medical support equipment with you if possible
- ◆ Create a plan for your pets
  - ◆ Join Register Ready
  - ◆ Stay informed

## *Who should register?*

**You should if** — because of physical or cognitive limitations, language difficulty, or lack of transportation — you anticipate having difficulty getting to a safe spot with family or friends, or to a public shelter during an emergency evacuation. Clearly, you should try to relocate with a family member or friend first, if those options are available to you.
