

In support of the East Amwell Environmental Club at the East Amwell School, **our monthly Recycling Depot has expanded the TerraCycle program** and will accept the following items:

Cell Phones

Laptops

Digital Cameras

MP3 Players

Ink Jet Cartridges and Toner

Candy, Cookie and Chip Wrappers

Scott and Huggies Packaging and Wipes Packaging

Gum Packaging

Writing Instruments: pens, markers, highlighters

Scotch Tape Dispensers

Elmer's Glue

Neosporin Tubes

Toothbrushes and Tubes

Beauty Tubes, (lipstick, mascara, nail polish, hand soap dispensers, shampoo, conditioner, lotion bottles, body wash, hair gel,etc.

(Sorry, no zip-lock bags)

TerraCycle pays the East Amwell Environmental Club for each of these items. With the money raised from this program, the club has been able to buy plants for the school gardens, help attract native butterflies, feed birds throughout the winter, buy birdhouses so they have a place in Spring to raise their young, and last but not least, educate the students and community about recycling.

TerraCycle was founded by a Princeton University freshman in 2001 to eliminate waste by collecting hard-to-recycle waste and converting it into over 1,500 different products sold at various stores, such as Walmart and Whole Foods. Their motto is "Outsmart waste".

We hope you can help us to save precious landfill space, promote education of recycling, and provide plants and habitats for wildlife. **Please bring these items to East Amwell's monthly Recycling Depot held on the first Saturday of each month from 8 to 11 A.M in the Municipal Building's parking lot.**
Thanks!

Also, we are no longer able to recycle your batteries at the Depot.

Sincerely,

The East Amwell Recycling Committee
