

we learn, we build, we play with  
**LEGO® Bricks**

# CAMP

It's fun and educational!!

## EAST AMWELL REC COMMITTEE

**AUGUST -12<sup>TH</sup> – 16 AT KIRKPATRICK  
PRESBYTERIAN CHURCH**

**9:00AM - 12:00PM BRICK CITY ENGINEERS /** What would a city be without the architects and engineers who come up with the ideas, designs, plans and building skills to put it all together? This camp celebrates those disciplines. The sky is the limit as the campers are challenged to use their own ideas and skills to build their very own city. They will start by designing the cities layout. Decide what they want to include. Then they start building. They will also build vehicles, airplanes, parks, and more as they create a vibrant LEGO® city. And when they aren't building, they will be doing related crafts and playing games to keep the action constant. All participants will receive a Bricks 4 Kidz mini-figure to take home. Ages 6-12

**12:00 – 12:30PM SUPERVISED LUNCH**

**12:30- 3:30PM TEAM KIDS ENGINEERING DISCOVERY WORKSHOP** a non-LEGO® program from Bricks 4 Kidz of Hunterdon-Somerset/ Parents, this is a hands-on program for those campers who ask how or why something works. It's about learning different engineering disciplines and then having a great time designing and building a working model using the Engineer Design Process. They will work with **giant mazes, cubes**, create their own **electro-magnet** or **flashlight** and numerous other designs. We will launch air powered **rockets** and have a contest who can hit the bulleye. The days will include various challenges, mental and physical to create a fun filled week that will stimulate your child's mind. Campers will keep many of the projects they work on. For ages 8 – 12.

Brick City Engineers - \$130.00 for the week  
Team Kids Engineering Discovery Workshop-  
\$130.00 for the week.  
Full day session, both sessions- \$210.00
